

Kolapo, Faith Taiwo

Frontend Web Developer

Email: taiwopersonal24@gmail.com Phone: +2349063288467 Port-Harcourt, Nigeria

Career Objective

I am a **frontend developer** with a strong foundation in **JavaScript**, experienced in building **responsive and user-friendly web applications**. Through hands-on experience with multiple projects, I have strengthened my expertise in **React and Next.js**, enabling me to create **seamless user experiences** aligned with organizational goals. I also prioritize **clear documentation** to support developers and ensure maintainability.

My goal is to specialize in **frontend development** while expanding my knowledge in **Java-based backend technologies**. To achieve this, I have actively worked on real-world projects, including:

- **Conference Ticket Generator** – Implemented **form validation, avatar uploads, and accessibility features** to enhance user experience.
- **AI-Powered Text Processing Interface** – Integrated **summarization, translation, and language detection** using AI technologies.

I am currently exploring **Next.js** and continuously improving my **problem-solving and software development skills** to stay up to date with industry standards.

.

.

Experience

Frontend Intern, Afriment

- Collaborated with a team of **frontend and backend developers** to build a **project management app**.
- Designed and developed key features, showcasing **problem-solving and technical skills**.
- Gained **hands-on experience** in frontend development, including:
 - **Consuming APIs** from the backend for seamless data integration.
 - **Implementing Figma designs** to create a responsive and visually appealing UI.
 - **Using GitHub for version control** and team collaboration.

Education

Software Engineering Student

NIIT, Port Harcourt

Expected Graduation: November 2026

Technical Skills

Programming Languages & Frameworks: HTML5, CSS3, JavaScript, React, Next.js.

Frontend Development: Responsive design, UI/UX implementation, component-based architecture.

Version Control & Collaboration: Git, GitHub, Figma.

Soft Skills: Problem-solving, adaptability, teamwork, and effective communication.

Projects

E-Commerce Website

- Designed and developed a **fully functional e-commerce website** to showcase products and facilitate seamless transactions.
- Built **interactive and responsive** layouts using **HTML5, CSS3, and JavaScript**.
- Integrated **React** to enhance user interface components and improve user experience.

Ticket Generator App

- Implemented the **design from a Figma file**, ensuring pixel-perfect UI.
- Developed functionality that allows users to **input their details and generate a unique ticket**.

Google Summarizer, Translator & Language Detector App

- Built an app that enables users to **summarize text, translate content, and detect languages** using the **Google API**.
 - Implemented a **user-friendly interface** to streamline text processing and enhance usability.
-

Extracurricular Activities

- Member of a student developers' community to collaborate and share knowledge.

Hobbies & Interests

- Passionate about fashion design and sewing, combining creativity with technical problem-solving.
 - Reading books
-
